Lori,

Good catch, we better mark both the 2017 and 2018 oversight bills as “controlled” — enforcement confidential. I think the reason the bills got marked that way originally is b/c they contain proprietary contractor information. You might want to include that in the comments field. Thanks, Mark

Hi Mark – Am placing the oversight bills into SEMS and noticed this first one says “ENFORCEMENT CONFIDENTIAL” on the first page. The code sheet shows uncontrolled.

Before placing the image into SEMS, wanted to verify that the record should be uncontrolled.

Thank you!
